

# Newcater

Cater to special interests

## + ABOUT NEWCATER

“ Newcater is an e-commerce auction website for unique, rare, valuable, collected, handcraft, traditional, natural and special products representing their origins from nations and territories. This is also the place where you can trade, exchange and auction unique products using cryptocurrency, or create your own revenue due to the exploiting and benefit-sharing mechanism of the platform.

Newcater has applied the Blockchain technology and smart contract into management, transactions, payment, community fundraising, etc. We aim to bring beneficial value, ensure transparency, safety, and promote trade freedom as well as the local business at the same time.
